Our How and Why

OUR HOW AND WHY

At Look Hear Australia we want to ensure our values, missions and goals are always front and centre of what we do.

We know how easy it can be to get distracted and wanted to make sure we remember WHY we started Look Hear Australia.

WHAT WE DO

Look Hear Australia is a Private Practice and Online Toolkit which assists children with individual, additional and complex needs.

Look Hear Australia stands for **Library of Online Knowledge for Health and Education Professionals (Australia).**

Look Hear Australia aims to:

- Create an international community of resources, websites, training and information for parents and professionals working with children who have individual, additional and complex needs.
- Develop a private practice that delivers high quality, best practice services and therapies to children, their families and support networks. We aim to provide an individual, bespoke service that has a foundation in international research, resources and community.

The single biggest problem
in communication is the illusion
it has taken place.

George Bernard Shaw

OUR VALUES

Expertise

Read through our collective bank of information and resources
developed by professionals all over the world.

Community

We want to build a community that brings experts and families
together to make things easy for each other.

Efficiency

Save time searching and researching! Find what you need easily. It doesn't need to be hard!

WHY?

I wanted to create a toolkit that would reduce my time, be accessible for families and something that would be easy to update (not like a word doc or PDF).

A huge chunk of my time was being taking up sending and directing people to high quality resources and websites I had found online. I wanted to spend my time seeing children – not searching the internet! Tim agreed with me and the ball started rolling towards a project which is now LHA!

Tara Rossow, Co-Founder and Managing Director

WHO FOR?

HOW OUR VALUES ALIGN WITH OUR ROLES
