### Social Skills

Social skills can be tricky to learn! No one ever explicitly told you to leave a seat spare when you sit next to someone at the movies, or that it is not okay to ask how old someone is – you just ‘know’.

Some kids don’t learn these skills “naturally”. They find it difficult to learn from the world around them, and need to be taught these skills. There are lots of great programs and resources out there!

*Information on Social Skills is listed below.*
